## 2020 Southeast Washington EDA Economic Survey

As part of our response to the current economic situation, the Southeast Economic Development Association is surveying business owners and managers to gauge impacts, and to estimate both future issues and proactively find responses to them.

Thank you for agreeing to participate in this confidential business survey. Please budget 10-15 minutes to complete it. All responses are confidential.

The objectives of the initiative are:

- 1) To identify the impact of recent events on local businesses, in order that, where appropriate, local action can be taken to respond to their needs.
- 2) To assess where assistance can be provided.
- 3) To engage the community in a conversation about the needs of businesses during this time.
